

## **THE ADVANCED FILM ACTING COURSE**

**A 4 Weeks, Full-time programme: Monday to Friday: 9.00 am to 5.00 pm.**

Answering to the demands of many of our students that our 3 month course be extended, I have designed this new advance course with the aim of considerably raising the bar of student's abilities, particularly in the way of fostering a more rigorous and more confident approach to acting for the camera. From the analysis and interpretation of scripts, to character development and emotional graphs, the syllabus is infused with the most up to date theory practice.

Barry John

### **COURSE CONTENT:**

- Advance physical development
- Advance improvisation skills
- Analysis and exploration of scripts
- Emotional graphs and character arcs
- Textual scene work
- Filmed camera exercise
- Appreciation of great acting on screen
